COMPANY PROFILE

Built to fulfil demanding supply briefs

Kerita Trade Hub Limited is a Kenyan supplier serving humanitarian, institutional, agricultural and commercial procurement needs.

Established in 2022, we respond to tenders and requests for quotation by sourcing goods against the stated specifications, quantities, documentation and delivery requirements. Our role is practical: understand the brief, identify compliant products, coordinate supply and deliver as agreed.

OUR VISION

To become a trusted and versatile supply partner in Kenya and the wider region, recognised for integrity, responsiveness and consistent fulfilment.

OUR MISSION

To provide dependable, specification-compliant goods and responsive service that help our clients complete procurement programmes effectively.

DELIVERY RECORD

Practical supply experience

Our record spans relief, institutional, agricultural and technology requirements.

Relief & dignity

Supply and delivery of hygiene kits, dignity kits and sanitary towels for school and community programmes.

Shelter & non-food

Supply of blankets, mattresses and other non-food items for household support and emergency response.

Food commodities

Delivery of essential food supplies in the grades, quantities and packaging specified by the client.

ICT equipment

Supply of computers, laptops, tablets, accessories and related electronic equipment.

Agriculture & packaging

Supply of polypropylene bags, green tea leaf bags and other programme-specific agricultural items.

HOW WE SUPPLY

Tailored to the requirement

Our catalogue is a starting point. Product selection changes with client specifications and market dynamics.

1

Requirement review

We review the item description, technical specification, quantity, delivery point and required documentation.

2

Compliant sourcing

We identify suitable products and confirm availability, lead time, packaging and applicable quality requirements.

3

Clear quotation

We provide a structured quotation tied to the requested scope and any stated commercial conditions.

4

Supply & delivery

Approved goods are coordinated, checked and delivered according to the agreed schedule and destination.

Need a product that is not listed?
